

Own a 12 week a year share in this Pearl 95 yacht for £1,995,000

This co-ownership programme is operated by Yacht Share Network who are proud to have been recognised as the global leader in yacht co-ownership, specialising in shared yacht ownership worldwide. Their dedication to excellence and innovation has earned them the prestigious **Most Innovative Yacht Ownership Scheme** award at the UK Enterprise Awards 2023.

PEARL YACHT SHARE

Shared ownership. Shared costs.

In business we all strive to cut the best deals, now buying a **Pearl** yacht with Yacht Share Network enables you to replicate those principles in your private life. By co-sharing with like minded forward thinkers, you can now own a yacht in the most intelligent way possible.

Simple and quick

With **Pearl Yachts, Mallorca Marine Group** and Yacht Share Network, buying a share in a yacht is a simple procedure.

Each owner has an **individually registered share**, so they can sell and buy quickly, at any time. Yacht ownership directly aligned to actual usage gives you the freedom to buy a share in a bigger yacht for the same price as a whole small boat. The initial outlay is only a fraction of the yacht's purchase price, and any future depreciation is equally reduced accordingly. Co-owners manage their own yacht and all the operating expenses are divided among the fractional owners way to own a yacht.

How does it work?

One owner is appointed the '**Boat Manager**'. They are responsible for the detailed day-to-day management of the yacht.

One owner is appointed the '**Finance Manager**'. They are responsible for all the financial transactions relating to the ongoing running costs of the yacht.

Each yacht has between 3 and 10 equity holding shareholders and the **running costs are divided** on a pro-rata basis to each owner's individual shareholding.

Owners select their usage dates through the yacht's app. An algorithm ensures that owners are treated fairly irrespective of the size of their shareholding.

The housekeeping teams prepare the yacht for each individual owner every week, placing their **personal items** on board and simultaneously removing other owners' DNA.

You arrive at the port on your chosen days and board your very own **ready to sail** yacht.

What does it cost?

Choose the **Pearl yacht** that you'd like to own.

The share **purchase price** is your one-off capital outlay just like buying a yacht outright. Once you **decide** to sell again you simply ask **Yacht Share Network** to market your share. **We recommend** you allow 5% per annum depreciation against your initial share purchase price.

Then you simply **pay** your pro-rata share of the yacht's **maintenance costs**. The yacht's finances are displayed in real-time on the app, so you have instant up to date and fully transparent insight to exactly what's what.
